

April 2007: Barnes ringers - Visit to the Channel Islands

Over three days in April, Barnes ringers enjoyed some lovely spring weather, an excellent hotel (The Peninsula) and a variety of ringing on six of the seven ringable towers in the Channel Islands. (Unfortunately St John's Jersey were out for tower maintenance). We were very grateful to the Channel Island ringers for being so very welcoming and accommodating our busy ringing programme. Our photo shows our group with the Trislander aircraft specially laid on by Blue Islands Airline to take us to and from Alderney!
